How do I register my son or daughter for a chiropractic initial evaluation?

There will be two main avenues for patient referral: First, if you possess a medical prescription for chiropractic or would like to have your son or daughter evaluated by one of our chiropractors, you would call our main office located in Tinton Falls at 732-578-1955 and request an appointment at the SJV office. Any acute or chronic injuries observed with the student athletes will be assessed by the staff. We will screen the athlete and send a note home for their parents to review. No chiropractor services will be provided without parental consent. All of our registration forms are located through our office and will be on our website.

What are the hours of operation for chiropractic services at the SJV clinic?

Our SJV office will be staffed on designated days/times during the week. These days and hours will increase based on need and athletic season.
