

Dear Saint John Vianney Community,

After serving as principal of Saint John Vianney High School since 2008, and President/Principal for the 2019-2020 school year, I will be moving on to assume the singular role as President of SJV. I would like to announce that Mrs. Margaret Kane will take on the position of Principal, effective July 1, 2020.

This email is mixed with both excitement and a personal feeling of sadness. Over the past twelve (12) years, I have very fond memories of supporting some of the most wonderful faculty, staff, and families. I have truly enjoyed every moment of working with the students and the entire community, and will sincerely miss it. On the other hand, I do look forward to working with Mrs. Kane and Mr. Lamberson, Assistant Principal, in our new roles for the 2020-2021 school year.

As we move forward, the school will be returning to the president and principal model. The model will be a little different than the one that Mr. Deroba, our former president, and I ran in the past. The SJV principal will be in charge of the academic portion of the building with support from the assistant principal. Mrs. Kane's main responsibilities will be to continue the outstanding Catholic educational standards that have defined our community over the past 50 years. She will oversee the academics, guidance office, academic government programs, the Parent/Teacher Association, and guide the Catholic identity of the school. Mr. Lamberson will be the administrator who oversees athletics, student activities, security, nursing, and the discipline office. Together, Mrs. Kane and Mr. Lamberson will run the everyday operation of the education and extra-curricular portions of the school. As the president, I will be responsible for all financial aspects of the institution, and will oversee the business office, enrollment management, human resources, maintenance, advancement, fundraising, marketing, communications, and capital projects.

The three of us will continue to work as a unified team with more specific job responsibilities to effectively run the school in a highly efficient manner. I am excited about the opportunity this model has to offer our Catholic community, and look forward to bringing Saint John Vianney High School into the next 50 years!

Sincerely in Christ,

Steven C. DiMezza  
President/Principal
